

NEW FEATURES AVAILABLE IN Vi4

==== BUILD 4179== Vi4/PB12 =====

ENHANCEMENT: One Click Login to eServices Portal

An enhancement has been completed to allow patients to save their login details to their browser so that it can be pre-populated when logging into the eServices Portal.

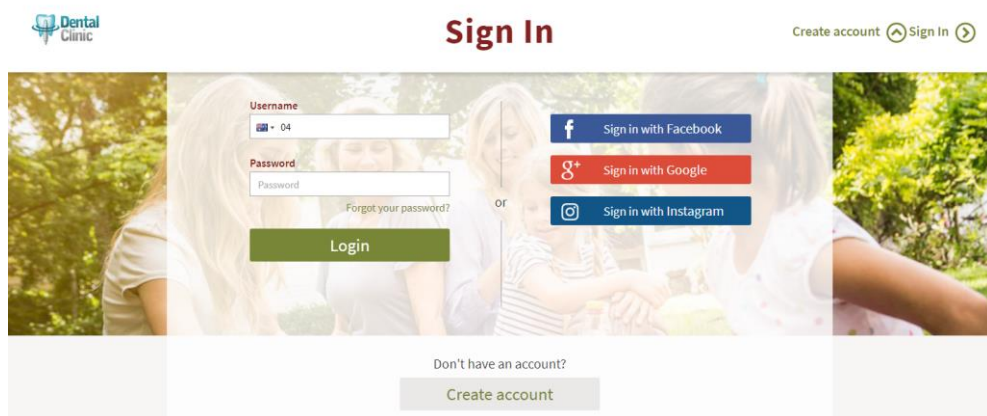

NEW FEATURE: eServices Portal Social Media Login

Patients are now able to log into the eServices portal using their Social Media login information.

1. Select the Social Media icon that you would like to log onto

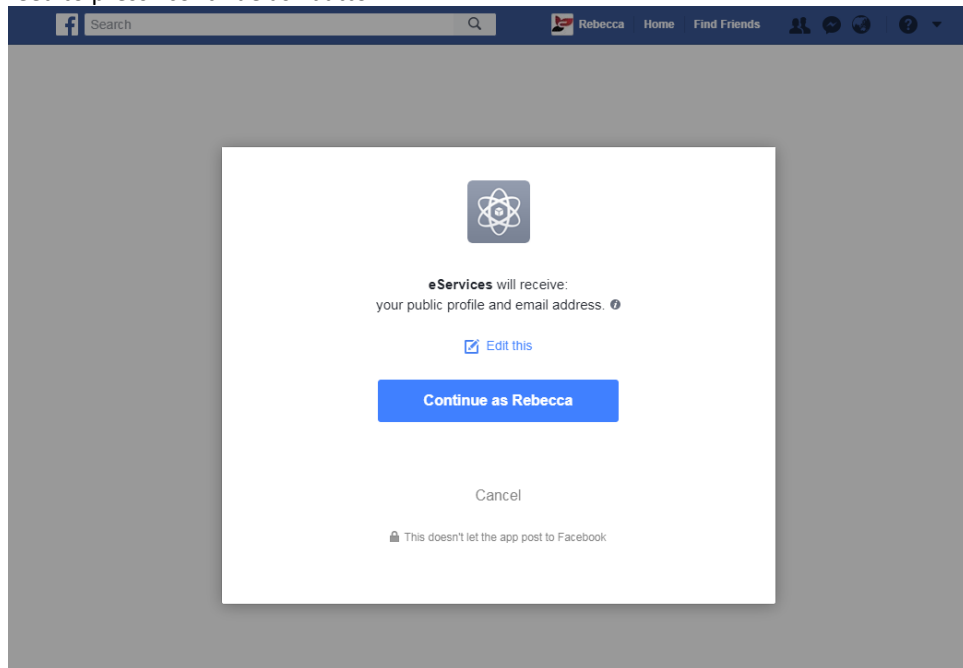

Social Media sites available for eServices Login are:

- Facebook
- Google +
- Instagram

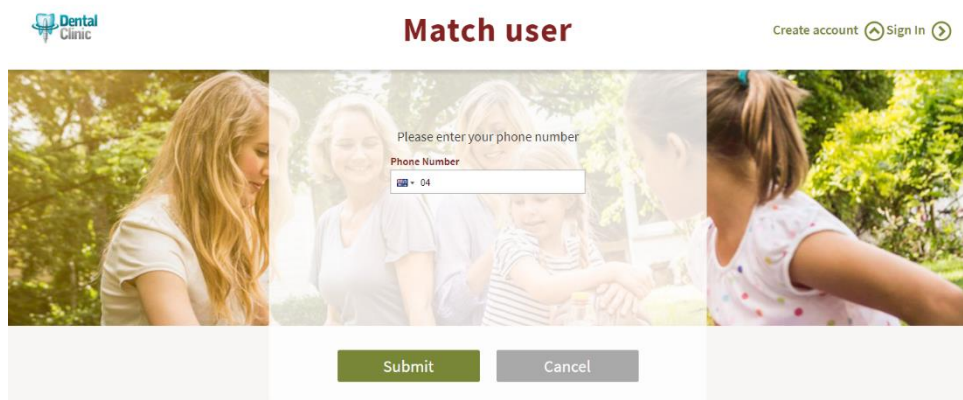

2. Sign into your chosen social media method

3. A prompt will come up showing what the eServices portal will access on your account. If the client agrees, they will then need to press "continue as" button

4. The patient will enter their mobile number when prompted in the eServices portal

5. They will then confirm number with a code that has been sent to their mobile phone

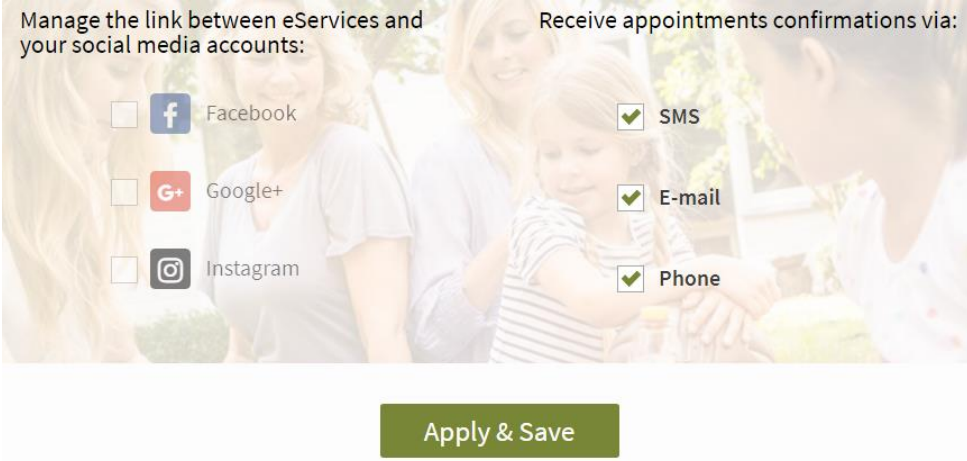

Note: The patients mobile number will be linked automatically with the Social Media login

ENHANCEMENT: Adding notification for switch on/off social login buttons

This enhancement will give patients the ability to switch on or off their login via Social Media after they have linked it to their account.

When the patient logs into their eServices portal, they need to click on the My Cabinet dropdown > Preferences > Switch the connection on or off for each Social Media platform used to sign in

The screenshot shows a user interface for managing social media connections and appointment notifications. It is overlaid on a background image of a family. The interface is divided into two sections:

- Manage the link between eServices and your social media accounts:** This section contains three rows, each with a checkbox, a social media icon, and the platform name:
 - Facebook: [Facebook icon] Facebook
 - Google+: [Google+ icon] Google+
 - Instagram: [Instagram icon] Instagram
- Receive appointments confirmations via:** This section contains three rows, each with a checked checkbox, a notification method icon, and the method name:
 - SMS: [SMS icon] SMS
 - E-mail: [E-mail icon] E-mail
 - Phone: [Phone icon] Phone

At the bottom center of the form is a green button labeled "Apply & Save".
