Mr Harrison Ford
36 Gravel St
WATERLOO SA 3156

Dear Mr Ford,

Re: Root Canal and Crown treatment for tooth

My findings for tooth 36 suggest that it can be saved though RCT and the placement of a crown. Your tooth's condition as discussed in the surgery is summarised in the diagram here:

Please see below a detailed plan of each stage of your treatment; you are also reminded if you require to bring anything to the appointment:

Save tooth 36

Phase 1 – Root Canal Treatment

Visit 1 – Preparation: Exploration, cleansing and medicating of Canals

Visit 2 – Sealing Canal: Medicating and sealing of canals

Phase 2 – Restoration of Tooth

Visit 3 – Building base of crown: Please bring occlusal splint

Visit 4 – Cementing of crown: Please bring occlusal splint

Fees for your treatment are summarised in the table below. We kindly ask that payment is finalised at the end of every visit:

| Visit | Item Number | Item Description | Appointed | Fee |
|--------------|--------------------|--|------------------|------------------|
| 1 | 022 | Single X-Ray | 16/06/2017 | \$40.00 |
