

## NEW FEATURES AVAILABLE IN Vi5

==== WEB STABLES 38 ====

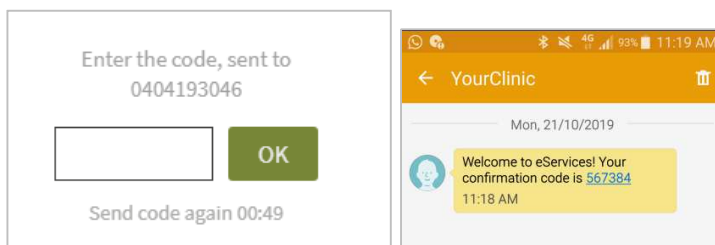

### ENHANCEMENT: Patient using Easy Booking will receive confirmation of the booking

This enhancement has been created so that patients using Easy Booking will receive a confirmation of the appointment booking.

1. The patient uses easy booking to select their appointment requirements
2. The patient enters their details and adds notes regarding the appointment
3. Click **Book now** button

4. Enter the code – SMS of the code is sent to the patient
5. Click **OK** button

6. The booking is confirmed and SMS confirmation is sent to the patient
